

# ROY MICHAEL

LEAD VOCALS & GUITAR

Roy fell in love with guitar early and started studying the work of his 6-string idols as a teenager. Influenced heavily by the likes of Pink Floyd, Hendrix, SRV, Pearl Jam, RHCP & Zeppelin, Roy spent years around the Detroit music scene, discovering along the way -- he can sing too!

Blessed to be jamming and making music full-time now in beautiful SW Florida, he brings passion, intensity, and authenticity to every performance. Whether it's a high-energy rock set or a soulful, intimate groove, Roy leaves it all on the stage, creating moments that resonate long after the last note fades.
